PREMIUM HIGH CAPACITY ELECTRIC SCISSOR LIFT

Electric Scissor Lift - High Capacity

**Weight Capacity:
3300 lbs.**

DGB 33

WHY CHOOSE BETWEEN PRICE AND QUALITY WHEN YOU CAN HAVE BOTH

PREMIUM HIGH CAPACITY ELECTRIC SCISSOR LIFT

Powered by a high quality and long-lasting 12V battery.
Can be used as both, a pallet jack and a work station table.
Only 10-12 seconds to reach the maximum raised height.

- Overload bypass valve system, provides safety and prevents the truck from being used beyond its rated capacity.
- The handle automatically returns to its original upright position, when released.
- Lifting motor power 1100 Watts
- Available in 21" and 27" wide frame
- **Note:** This equipment can only be used with open bottom pallets. Regular type pallets need to be placed on top of the forks.
